On The Horizon!*

On The Cover:

A beautiful sunrise photo taken by the newsletter editor, Dianna Moy, through the window of a Southwest Airlines flight- with a cellphone camera!

A Sneak Peek at Next Month!

The only airline that shows its heart every day of the year is Southwest. This picture of the underside of a Southwest jet was the inspiration for February with its iconic heart logo.

Do you have an aviation-related photo that you would like to share and perhaps be on the cover of an upcoming issue of *The Observer*? If so, please email your picture along with a summary of the picture to our newsletter editor/webmaster, Dianna Moy, at dianna.nicole.moy@comcast.net. Photos will be credited, but please note that *The Observer* is posted on the Chapter website (www.1041.eaachapter.org), and is available to the general public.

"Can you imagine living years and years ago, as a person with a desire to fly but no way to achieve it?"

Paul Poberezny, EAA Founder, 1921-2013

Hello Barnstormers, and Happy New Year!

It's 2025, as amazing as that sounds. Those of you who enjoyed our annual Christmas Party can tell the rest of our members what a great evening was had by all. Many thanks to Wendi Clark for the beautiful ornaments that were given to our members and guests. And another big thank you to the staff at Spring Grove High School for again hosting our group. The meal was superb and plenteous.

As we begin another year, we remember our former member and fellow pilot, Joe Kamin-skas. Joe left this earth on Thursday, December 19 after a battle with dementia and eventually a stroke. We have been honored to have known Joe and enjoy the 1930 Waco biplane that he was so proud of. Whenever someone would comment on the positively flawless red paint that adorned the Waco, Joe would politely correct them and explain that the color was "Vermillion".

Shortly following the completion of a ten-year restoration of the plane by John & Scott Shue, Joe flew it to AirVenture Oshkosh and brought home the Grand Champion trophy in the Antique category. Many of us were privileged to be given a ride in this beautiful biplane before

Joe relinquished ownership and sent it to a flying museum in Germany. One special memory that the Hartman family has about Joe is when, in 2006, he and Charlie Tipton drove our son Dale to Oshkosh for the EAA Air Academy. A memorable trip was made by all !

Here is an invitation to join your fellow Barnstormers on our first Field Trip of 2025. We will travel by luxurious motorcoach to Hammondsport, New York on Saturday, April 5th to visit the Glenn Curtiss Museum. More details about this great experience will be shared at our January 6th gathering and in upcoming issues of The Observer. Be sure to sign up early to guarantee your seat. After March 15th, any remaining seats on the bus will be offered to neighboring Chapters and the general public.

Do you have a suggestion for a program at our monthly gatherings ? We are looking for aviation-related presentations and speakers who can share their history and stories with us. Please contact me with your ideas and recommendations. Our gatherings are interesting and informative because of the variety of programs that you bring to us.

Let's together make 2025 another fantastic year for EAA Chapter 1041. Our diverse membership is what helps to make this a really wonderful group and we thank you for your enthusiasm.

Henry

2024 Holiday Party Pictorial

The Annual Holiday Party was a great combination of food, fun, and friendship. Many thanks to the staff at Spring Grove High for everything they did to make the party a success.

In addition to gifts handed out by Stormer Claus, Chapter officers received Chapter Service Awards from the EAA.

Homebuilders Week Online Event Starts January 27th

30 online sessions to expand your knowledge of building your own aircraft

By Charlie Becker, EAA Homebuilt Community Manager

Homebuilders Week is an online opportunity to carry on the founding mission of EAA by sharing as much knowledge and information about building your own aircraft as possible in five days.

We start on Monday, January 27th, 2025, and end on Friday, January 31st, 2025. Each day, we offer six live webinars running back-to-back, starting at 11:30 am central time and running every hour and a half until the last session at 7pm central.

The sessions are live and allow time for questions. To sign up for the sessions, visit www.EAA.org/HomebuildersWeek

The topics cover something for everyone, whether you are just considering the idea of building an aircraft, are knee deep in a project or getting ready for test flying. We even have EAA president Jack Pelton lined up on, January 30th, to talk about EAA's Advocacy efforts on behalf of the homebuilt members.

EAA Homebuilders Week follows immediately after the anniversary of the founding of the Experimental Aircraft Association on January 26th, 1953. I can't think of a better way to recognize our organization's founding than to spend 5 straight days learning about homebuilding.

EAA Homebuilders Week is made possible through the generous sponsorships of Aircraft Spruce & Specialty Co., Dynon, Scheme Designers, and Van's Aircraft.

Visit www.EAA.org/HomebuildersWeek to sign up.

Barnstormers Field Trip April 5, 2025

Glenn Curtiss Museum at Hammondsport, NY

DEDICATED TO CELEBRATING A PIONEER

Saturday, April 5th, we will travel on a fully equipped 55 passenger Motor Coach, departing from Gettysburg Regional Airport at 5:45 am. Along the way to Hammondsport, we'll make an approx. 8am fast-food breakfast stop, allowing no more than an hour. Arrival at the museum will be approximately 11:00 am. Once disembarked, we will enter the museum as a group. A documentary film about Glenn Curtiss is shown every hour. You'll be able to choose a 45 minute guided tour or to enjoy the museum on your own. Departure time will be 3:00pm, and a dinner stop of 90 minutes will occur about 5:15. Arrival back at our home base will be about 8:30 pm.

The cost of a seat on the bus will be \$73.00 per person, however ***Barnstormer members in good standing will enjoy a discounted bus fare of only \$40.00 each.***

Admission to the museum: our group rate will be \$11.00 for Adults, \$10.00 for Seniors (65+), and \$5.00 for Students & kids. Deadline for member reservations will be March 15, 2025. After this date, we will open any remaining seats to the general public and neighboring EAA Chapters.

The Glenn H. Curtiss Museum of Local History was formed to establish, conduct, operate and maintain a museum in the Village of Hammondsport, Steuben County, New York, for the display of items relating to and significant in the role of Hammondsport in early aviation, and particularly the contributions made to aviation by Glenn H. Curtiss, a resident of Hammondsport. The museum will display other items of historical significance which contribute to knowledge of Hammondsport and its regional history; conduct classes, exhibitions and observances which promote and stimulate the purposes for which the museum was formed.

The Glenn H. Curtiss Museum, bearing the name of pioneer aviator and Hammondsport's favorite son, is located on State Route 54, one half mile south of the village of Hammondsport, New York. Dedicated to the memory of Glenn Hammond Curtiss, the museum contains a priceless collection relating to early aviation and regional history. The museum also features a 75-seat theater, a large open area for special events and a museum store. In addition to seeing the museum displays and exhibits, visitors are welcome to visit the Restoration Shop, talk with volunteer craftsmen and watch them work on historic aircraft.

Chapter Community News

The EAA Community is huge- not just EAA Chapters, but Ultralight, Acrobatics, and more- and there's many within an hour or so drive from Gettysburg.

Several of our members belong to more than one Chapter, and talk about some of the events that their other Chapter is doing. Unfortunately, we often don't find out in enough time to be able to attend or even volunteer to assist. This section will provide others in our nearby Chapters to promote their news and events.

In addition, some of the smaller Chapters aren't able to have a newsletter due to manpower or resource issues. The deadline to submit items for this section is one week before the end of each month.

Letter From the Editor

Happy New Year, everyone!

2024 was a year of accomplishments, and 2025 brings an opportunity to do even better. From our record-breaking Spring pancake breakfast to our youth first solo flights, the milestone birthdays, and more.

In just 5 months, the 2025 Spring Fly-In/Drive-In Pancake Breakfast will feature Miss Pennsylvania making an appearance and helping to flip pancakes! The Spring and Fall breakfasts have been our signature events, and the attendance (when the weather cooperates) has grown over the past few years. The community looks forward to the events, and with the growing community support, this year has the potential to be the best year yet!

As you saw in the photos in this issue, the

annual Christmas Party was a success with lots of good food and friendship. Many thanks to the staff at Spring Grove High School for making our party a success.

Starting in January, we will be having our Soup-er-Sundae events again this year. Plan on joining us for the last Sunday in January, February, and March!

Also, please plan to attend our Field Trip to the Glenn Curtiss Museum! Please attend the January General Meeting for additional details!

Lastly, with the weather being so unpredictable this time of year, please keep an eye on our text message blasts as we may need to reschedule events.
