Hello Member,

Be sure to check the calendar, come to Saturday coffee, and attend the next meeting to find out what's in store for 2025!

Generally, we are focusing on fundraising, ramping up our Eagle Flights program to attract more adults, and making our presence known in the community! I've even hear rumors of a Flying Club! How awesome would that be!?

We are also on the hunt for a permanent clubhouse/meeting place where we can host events and projects. We may have a lead on a double-wide and we're working on a lease agreement with the HOA to place it next to the HOA building. If you're aware of any suitable properties for sale or rent please contact the chapter and let us know.

We are continuing to see new faces showing up at the Saturday coffees. This is a great trend. Please come out and join us!

We need a pilot member who is in regular contact with other pilots on the airport to help us stay in touch and help 'get the word out' when we hold an event. If you are active in the pilot community and would like to help out, please volunteer as a Pilot Coordinator for us!

We are also looking for CFI's who would like to be contacted when a member or guest asks about flying lessons. We would list names and phone numbers on all of our publications. This could mean more business for you and new members for the chapter! Please let us know if you or a CFI you know is interested!

Get your T-shirts now!

Share Your Story!

We have a couple of fascinating stories in the works and we'd love to add yours to the list!

Dig through your old pictures, log books, and memorabilia and find a great story that you can share with the members! We'd love to hear about it!
